Application range  
Lighting technology

## The method

- The special stretch mechanism fixes the product tightly to the corrugated cardboard.
- This avoids any slipping of the product.
- The highly flexible, practically tear-free stretch film adapts precisely to the contours of your product.
- This method reduces your stock volume by up to 90%.

## Main Features

- Maximum protection for a variety of diverse product ranges
- Package conformity improved by up to 90%
- Reduction of process costs e.g. procurement, storage, shipment
- Environmentally friendly through easy disposal of the used packaging
- Professional appearance
- Economies of scale through standardised production

We are happy to provide you with the optimal solution, customized to your packaging needs.
